

Paradise Without An Attitude

It's Not Lost...

You Just Didn't Know Where To Find It . . .

Until Now.

Anna Maria Island. Seven miles of palm lined beaches with sugar-fine sand softly lapped by the sun drenched warmth of Gulf waters.

*Believe it.*

Relish the softness of a quietly spreading sunrise. Have breakfast in bed . . . at poolside . . . in a coffee house or at a specialty breakfast eatery. Lunch time? Grab a burger made the old way, or just enjoy quality fare offered by a distinctive array of family-style restaurants . . . shoreside or landside. And as the sun vanishes into the richness of a vibrant palette of color, close your days with a tantalizing array of foods and service ranging from Zagaat sophistication and fine international cuisine to great family casual dining. But, there's not a "fast-food" restaurant to be found.

*Believe it.*

Spend your days just lazing on the beach, or soaking up the Island history. Find a book in either of two libraries. Shop for antiques, art or beach and casual clothing. Enjoy performing arts Island style. Fish offshore or cast a line in the shallows. Ride a moped or a free trolley. Make sand castles. Float in the air. Fly a kite. Dig for sea shells. Play any one of more than 45 golf courses - all off island but close by. Work-out at a fitness center or get rejuvenated in a spa. Dip a brush with the art league. But always, always, put your toes in the sand.

*Believe it.*

Where is it? Less than a mile offshore but it is the heart of Florida's Fabulous Suncoast. Just 25 minutes from SRQ; 35 minutes from I-75; 80 minutes from TPA; 150 minutes from Mickey's Magic Kingdom or Universal City. And there is a bountiful selection of accommodations that will fit most budgets - single units, multiple units, resort style complexes, condominiums and single family residences or bed and breakfasts.

*Believe it. Because you just found it.*
